PREFACE

THE Catalog of Copyright Entries for the year 1947 is issued in a new series and an enlarged format, a change designed to increase and extend the usefulness of the compilation. Inquiries, suggestions and comments on all details of the Catalog are solicited, and should be addressed to the Chief of the Cataloging-Division, Copyright Office, Library of Congress, Washington 25, D. C.

CONTENTS. This part of the Catalog of Copyright Entries contains an alphabetical list by title of unpublished music registered in the Copyright Office in Class E, and designated by the symbol EU, from July 1, 1947 through December 31, 1947. Renewal registrations of music made in this period are listed in Part 14B of the Catalog.

ENTRY AND COPYRIGHT DATA. Entry is made under title, and each is a statement combining authorship and copyright information. Those persons whose names precede the copyright symbol are authors; those whose names follow the copyright symbol are claimants and sometimes also authors. The following abbreviations are used to indicate authorship: w, words by; m, music by; arr, arranged by; ed, edited by; tr, translated by. The names of the claimants are followed by the date of receipt of one copy in the Copyright Office and the registration number.

AUTHORITY. The Catalog of Copyright Entries is published by the authority of Title 17, U.S.C., Secs. 210 and 211. Section 210 provides that the Catalog "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

ORGANIZATION OF THE CATALOG. This issue of the Catalog is part of Volume I of the new Third Series. The parts are numbered according to the alphabetical sequence of classes as listed in Title 17, U.S.C., Sec. 5. Letters are used to designate subdivisions.
